THE EMERALD HEIGHTS WORLD SCHOOL

Our Inspiration

The children need the right support to help them grow

THE MOTHER

True education has to unfold and reveal what is already present in the children. They open themselves in joy and open themselves to the sun.

The finest, one could give to a child would be to teach them to know and master themselves. It will be best, to instil in them, the will to conquer the future, then the will to always look ahead and want to move on as smoothly as they can towards what will be.

SRI AUROBINDO

The first principle of teaching is that nothing can be taught. The teacher is not an instructor or a task master; he is a helper and a guide. His business is to suggest and not to impose. The second principle is that the mind has to be consulted in its own growth. The third principle is to work from the near to far from "which is" to that "which shall be …"

Teaching, Example and Influence; these are the three instalments of the Guru. The wise teachers will not seek to impose themselves or their opinion on the passive acceptance of the reactive mind. They will throw in only what is productive and sow as a seed, which will grow under the divine fostering within.

Our Founder

She breathes
in her children
across the globe.

Our honoured and revered Founder and Principal Late Smt. Suneeta Singh.

Education is the only thing in the world which cannot be stolen away from you. It plays an integral part in making the person you become. Grades and marks do not determine the success of a person's life, its the pragmatic knowledge and depth that makes the person successful in being an extraordinary human being. Life is a journey filled with adventures, so enjoy it and make best use of every opportunity provided. A person who dreams is a person who lives, don't be afraid to chase your dreams but always remember that dreams only come true when you are true to your responsibilities and know your priorities. The most important thing in life is to become a good human being.

Love, live, dream and spread your essence in the world.

At a Glance

The Emerald Heights World School is a premier K-12 co-educational day school located on a sprawling lush green campus at Baliyakheda in Indore, Madhya Pradesh, India. Building on the distinguished legacy of The Emerald Heights International School, we are dedicated to providing world-class education with state-of-the-art infrastructure that surpasses global standards.

Environment is Everything

Imagine a school your children love coming to each day. Imagine them waking up excited, to enter an environment where they are accepted for exactly who they are, and where they look forward to a day that ends with a confident smile and a sense of accomplishment.

Founded to continue the vision of late Smt. Suneeta Singh and inspired by the educational philosophy of the eminent philosopher Sri Aurobindo Ghosh and his spiritual successor, The Mother, The Emerald Heights World School is committed to holistic student development. Our school embodies the universal humanistic and spiritual values of Sri Aurobindo, fostering an environment where academic excellence, co-curricular engagement, and sports prowess are paramount.

At The Emerald Heights World School, we believe in empowering learners to be positive change makers. Our nurturing environment and dynamic approach enable children to discover and fulfill their individual potential in academics and beyond. We catalyse critical thinkers, intrinsically motivated learners, and believers in the pursuit of excellence in their chosen fields, anywhere in the world.

Our school currently offers classes from Nursery to X, designed to cultivate leadership qualities, environmental stewardship, democratic values, community service, and a global perspective. We equip students with new trajectories of learning, progressive and value-based, for now and the future. Our comprehensive academic curriculum integrates the latest integrated technology pedagogies and is complemented by a broad array of co-curricular and sports activities, ensuring that our students receive a well-rounded education.

Across our campus, you will find a happy learning atmosphere that engages learners creatively and vigorously, both physically and intellectually, making them fit for life. At The Emerald Heights World School, we uphold the esteemed legacy of The Emerald Heights International School while paving the way for future generations to achieve unparalleled excellence in all spheres of life.

Salient Features

We foster kindness,
respect and integrity
in a safe and
nurturing environment

Key Elements of our Educational Programme:

- Holistic and international education
- Focus on experiential learning
- Interactive learning across the curriculum
- Open, diverse and multicultural learning community
- Parental partnership in the child's learning process

Campus: The School is set on a sprawling lush green campus, boasting world-class infrastructure. The architectural design is a vibrant blend of modern innovation and heritage elegance, offering the latest facilities to create an inspiring and conducive learning environment.

Location: The school is located at Baliyakheda in Indore, the cleanest and one of the fastest growing cities in the country.

Faculty: The staff is highly dedicated, qualified and experienced in their fields and are committed to making the learning experience of every student a rewarding one. Well versed in pedagogical aspects of learning with an active participation in international education system, they are proficient in activity based teaching that helps in classroom management.

Personalised Learning: We create a difference by our personalised approach towards teaching methods. At our school we, emphasize on personalised learning, which is possible when there is an education system in which assessment, curriculum, teaching style and out-of-hours provision are all designed to discover and nurture the unique talents of every child.

Laboratories: Each student has a different learning style, so to promote effective learning, we have introduced various innovative skill development laboratories for experiential learning. Our laboratories foster a culture of innovation, creativity, problem solving and critical thinking.

Leadership: Each year, the school appoints a student council and assigns prefects various responsibilities to enhance their leadership skills. To ensure students have opportunities to participate and showcase their talents, the school also conducts cultural, literary, and sports festivals.

Student Clubs: At our school, we offer numerous opportunities for students to discover their potential and evolve. One such platform is Student Clubs, where students engage in meaningful activities aligned with their interests, exploring their passions and enhancing 21st-century skills like critical thinking, creativity, communication, and networking. These enjoyable clubs are meticulously planned, controlled, and supervised by the student body.

Career Guidance: The school runs a state-of-the-art Career Counseling and Guidance Cell which helps the students in gaining an insight into different career options. With an aim to offer global opportunities.

Internationalism: Initiating internationalism in a school involves integrating global perspectives and intercultural understanding into the curriculum and extracurricular activities. Implementing student and teacher exchange programs, Model United Nations (MUNs), and international conferences can broaden students' horizons and foster a global outlook. By exposing students to diverse cultures and global issues, these programs encourage empathy, collaboration, and a deeper appreciation for cultural diversity. This foundation prepares students to thrive in an increasingly interconnected world.

Community Service: Through various community service projects our children develop a generous disposition, nurture ethical and moral values. It makes the children sensitive to the needs of the not so privileged community.

THE EMERALD HEIGHTS WORLD SCHOOL

Academic Infrastructure

Our mission is to educate and prepare students for life

We develop children's natural curiosity and sense of wonder in the world by exposing them to a wide spectrum of disciplines and a wealth of experiences designed to ensure a lifelong love for learning.

Classrooms: All classrooms are equipped with the state-of-the-art interactive touch screen panels and white / green boards.

Science Laboratries: The school features high-tech and composite laboratories are equipped with additional classrooms that incorporate audio-visual technology.

Computer Laboratories: The school boasts nine air-conditioned computer laboratories, each equipped with smart boards, projectors, and a total of 300 computers, enhancing the learning experience.

Mathematics Laboratory: This laboratory emphasizes a practical approach to understanding mathematical theorems and principles. It is equipped with the latest tools to facilitate experiential learning.

Robotics Laboratory: Our cutting-edge Robotics Laboratory offers an exceptional hands-on learning experience, immersing students in the fascinating world of robotics and advanced technology. Through engaging lectures, dynamic workshops, and exciting competitions, we inspire and nurture the innovators of tomorrow.

Stem Laboratory: The STEM Laboratory at our school is designed to ignite curiosity and foster innovation in science, technology, engineering, and mathematics. Equipped with state-of-the-art tools and resources, the lab provides students with hands-on experiences that bring theoretical concepts to life. From experimenting with robotics and conducting intricate science experiments to engaging in complex engineering projects, the STEM Laboratory supports a dynamic and interactive learning environment. This modern space encourages students to think critically, solve problems creatively, and prepare for future careers in STEM fields.

Quizzing Laboratory: The Quizzing Laboratory is dedicated to enhancing students' knowledge of national and international current affairs and general knowledge. Equipped with digital remote access answering systems, it provides a dynamic platform for conducting quizzes and fostering intellectual curiosity.

Library: Our resource center-cum-library boasts a diverse collection of amazing books sourced globally, encompassing all genres and subjects. Equipped with state-of-the-art audio-visual technology, internet facilities, and a comprehensive collection of magazines, it fosters highly interactive and collaborative learning experiences for students and teachers alike. The library plays a pivotal role in nurturing a strong reading culture among children, promoting lifelong learning and intellectual curiosity.

Lecture Halls: The school boasts six state-of-the-art lecture halls, each

THE EMERALD HEIGHTS WORLD SCHOOL

equipped with the latest technology to enhance the learning experience. These modern facilities are designed to support interactive and engaging classes, featuring high-tech computers and smart boards that facilitate dynamic teaching methods. With their cutting-edge infrastructure, the lecture halls provide an ideal environment for both students and teachers, ensuring that every lesson is delivered with efficiency and effectiveness.

The Centre For Career And Global Studies: We are dedicated to guiding every student towards informed decisions when choosing their path and applying to universities or colleges worldwide. Our exclusive Career Classes begin early, from Class IX onwards, providing students with insights into the dynamic landscape of careers and the evolving world of work. This early exposure fosters a culture of self-exploration, ensuring that each student is well-prepared for their future endeavors.

MUN Conference Hall: Our school features a state-of-the-art conference hall equipped with audio-visual and PA systems, specifically designed for training students in Model United Nations (MUNs). The hall also offers online and offline research facilities, enabling comprehensive preparation for participants. Regular workshops will be conducted by senior students for junior delegates, further enhancing the learning and debating skills essential for MUN participation.

Makers' Laboratory: The school proudly features a Design Thinking Lab, also known as the Makers Lab, a dynamic space dedicated to fostering creativity and innovation. This cutting-edge lab is designed to encourage hands-on learning and problem-solving through the use of advanced tools and technologies. Students can explore a wide range of activities, from 3D printing and coding to electronics, all within a collaborative environment. The Design Thinking Lab empowers students to engage in experiential learning, develop critical thinking skills, and turn their creative ideas into tangible projects.

Auditorium: Our school boasts an auditorium with a seating capacity of over 800, serving as a versatile venue for cultural events, literary activities, workshops, symposiums, and training sessions. This multipurpose facility provides a dynamic platform for fostering creativity, learning, and community engagement, enriching the school experience for all participants.

Dining Facilities: The School takes great pride in its exceptional dining facilities. Our spacious dining area, with a seating capacity for 1200 students, is designed to provide a comfortable and enjoyable dining experience. The area is well-ventilated and aerated, ensuring a pleasant atmosphere for students during meal times. The dining facilities at Emerald Heights not only provide sustenance but also promote a sense of community.

Our large kitchen is equipped with modern facilities, adhering to the highest standards of hygiene and efficiency. The state-of-the-art kitchen ensures that nutritious and delicious meals are prepared daily, catering to the diverse dietary needs and preferences of our students.

Sports Infrastructure

At The Emerald Heights World School, sports are an integral part of our curriculum. We believe that a robust sports program is essential for the holistic development of our students, contributing significantly to their physical health and character building. Our world-class sports infrastructure provides an ideal environment for students to engage in a wide range of sports activities. These facilities ensure that students have access to the best resources to hone their athletic skills.

Engaging in sports helps students develop crucial life skills such as discipline, teamwork, confidence, willpower, obedience, and resilience. These qualities are not only vital for their athletic pursuits but also for their academic and personal growth. Through participation in various sports, students learn the importance of healthy practices, setting and achieving goals, and the value of perseverance.

Our commitment to sports education is reflected in the numerous opportunities we provide for students to compete at local, national and international levels. The emphasis on sports at Emerald Heights ensures that students not only excel in academics but also lead a balanced and healthy lifestyle, equipped with the skills and mindset necessary for success in all areas of life.

Badminton: Known for its fast-paced action and strategic gameplay, badminton is a favorite sport among students. Our school features seven wooden badminton courts, all housed within a grand auditorium, providing an excellent environment for both practice and competition.

Basketball: Renowned for its dynamic and high-energy play, basketball is a popular sport that encourages teamwork and agility. Our school offers six hard courts, providing ample space for both practice and games.

Chess: More than just a game, chess is an analytical tool that transforms players into adept problem solvers. To foster these skills, chess is made compulsory for primary classes.

Cricket: Revered for its strategic depth and teamwork, cricket is a beloved sport that fosters camaraderie and skill development. Our school boasts an international standard cricket ground, providing an ideal setting for training and matches.

Football: Celebrated worldwide for its excitement and teamwork, football is a sport that brings communities together. Our school boasts a football ground of international standards, offering students a top-tier facility for practice and competition.

Gymnasium: Fitness and strength training are essential for a healthy lifestyle. Our school gymnasium is equipped with the latest machines for weight training and cardio exercises,

THE EMERALD HEIGHTS SPORTS ACADEMY
EMERALD HEIGHTS

utilized by senior students under the guidance of trained fitness experts.

Squash: Renowned for its intense and fast-paced nature, squash demands agility and strategy. Our school features six glass-back squash courts built to international standards, offering a top-tier environment for players to excel.

Swimming: The school recognizes swimming as a crucial life-saving skill and an exceptional form of exercise that engages the entire body. The curriculum emphasizes swimming not only as a fundamental life skill but also as an integral part of a well-rounded physical education program. Through its comprehensive swimming program, students gain confidence in the water.

Shooting: Precision and focus define shooting as a sport that demands skill and discipline. Our school offers two automated indoor shooting galleries, featuring a ten-meter range with nineteen targets each, providing students with a dedicated facility for training and competition.

Table Tennis: Known for its speed and precision, table tennis is a sport that requires quick reflexes and strategic thinking. The Sports Complex boasts a grand table tennis hall with 15 tables, where our students excel in national tournaments, bringing home medals for the school and state.

Tennis: A game of finesse and strategy, tennis demands skill and agility on the court. We are proud to offer vibrant six blue Rebound Ace synthetic courts, the first of their kind in India, enhancing the playing experience for our students and players.

Volleyball: Known for its dynamic gameplay and teamwork, volleyball is a sport that promotes coordination and strategic thinking. Our school features two clay courts and four hard courts, where students actively participate in various tournaments and competitions.

Martial Arts: The school has a grand hall, equipped with state-of-the-art facilities for Judo, Karate, Taekwondo, Kudo, and Hupkwondo, fostering discipline, physical fitness, and mental agility among its participants.

Yoga: A holistic practice that promotes physical health and mental well-being through various asanas and pranayama exercises led by experienced teachers.

Other Sports: In addition to mainstream sports, our school offers facilities and regular classes for billiards, gymnastics, handball, throw ball, and netball, ensuring a diverse range of athletic opportunities for all students.

ART
PARTY

Parallel Curriculum Facilities

Learning transcends
the confines of classrooms

At our school, co-curricular activities are meticulously crafted to broaden our students' horizons. We offer state-of-the-art facilities for fine arts and performing arts, providing ample opportunities for students to express and nurture their creativity.

Dance Studio: Our school boasts four state-of-the-art, soundproof dance rooms with qualified trainers for Bharat Natyam, Odissi, Kathak, and Western dance forms. Emphasizing cultural enrichment, we host numerous activities throughout the year, with our dance groups consistently winning awards at state and national levels. Students also have opportunities to earn certified qualifications in dance while still in school.

Instrumental Music Studio: Equipped with soundproof studios and skilled trainers for various instruments, our school orchestra harmonizes to showcase its talent at all school functions.

Vocal Music Studio: Featuring a soundproof studio for vocal training, our facilities include all necessary equipment.

Percussion/western Studio: The school's Percussion/Western Studio is a vibrant space designed to nurture musical talent and passion. Equipped with a variety of percussion instruments and advanced Western music technology, this studio offers students the opportunity to explore rhythm and melody through hands-on practice and performance.

Instrumental Classical Studio: The Instrumental Classical Studio at the school is a refined and elegant space dedicated to the study and practice of classical music. Featuring a selection of high-quality instruments, including pianos, violins, and cellos, the studio provides an ideal setting for students to hone their technical skills and deepen their appreciation for classical compositions. With its acoustically designed environment and expert guidance, students are encouraged to explore the rich traditions of classical music while developing their proficiency and artistry.

Dramatics Studio: With two dedicated studios and a partnership with Helen O'Grady for dramatics, our school nurtures theatrical talents through structured programs.

Art Studio: Our art studio, guided by specialized instructors in diverse art forms, prepares students for national and international events, offering certification opportunities in various artistic disciplines.

Craft Studio: Encouraging creativity beyond boundaries, our craft studio empowers students to explore innovative ideas freely.

Sculpture Studio: Equipped with state-of-the-art clay modelling machines, our sculpture studio provides platforms for students to regularly exhibit their creations.

Digital Art Studio: Recognizing the impact of technology on visual arts, we introduced Digital Art using CorelDRAW and Adobe Photoshop. This studio equips students with hands-on training in digital design tools, preparing them for contemporary creative endeavours.

NCC: NCC teaches our students valuable life skills through training that nurtures leadership, discipline, teamwork, responsibility, and a strong spirit of service.

THE EMERALD HEIGHTS WORLD SCHOOL

FOUNDATION SCHOOL

Our School Provides Comprehensive Infrastructure Designed to Foster Holistic Development Across Various Domains

We cultivate your child's future within our stunning, state-of-the-art infrastructure.
Each child is encouraged to explore their natural curiosity and abilities to their fullest potential.

Montessori Laboratory: Designed as a nurturing space, the Montessori Laboratory provides young children with a comfortable environment to explore and develop dexterity and coordination skills crucial for their early development. Under the guidance of qualified Montessori teachers, pupils receive continuous support and direction.

Mini Multimedia Theatre: The school has a mini multimedia theatre, specially designed for Kindergarten students. Equipped with modern facilities and state-of-the-art equipment, this theatre provides an ideal space for dramatics, storytelling, recitation and various other activities. It transforms young learners into characters from fairy tales, mythological stories, and fables, fostering creativity and confidence, students are encouraged to explore and develop their talents, overcoming stage fear and shedding inhibitions in a supportive and engaging environment.

Storytelling Room/Library: In our creatively designed space, stories are woven with finesse to ignite children's imaginations, enrich their language and enhance analytical skills. Through this engaging medium, our skilled teachers expand students' repertoire of sounds and words, effectively nurturing their literary skills.

Art and Craft: Landscape of the Soul In our nurturing environment, children explore their creativity with colours, encouraged to open the windows of imagination and express their tender feelings on canvas. Through the medium of fine arts, their hearts dipped in rainbow colours reveal the gifts of their talents. They paint and mould their dreams and the world around them, shaping it with their little fingers.

Play Area: At our school, we embrace the axiom that 'all work and no play makes Jack a dull boy.' We prioritize the holistic growth of our students by nurturing their physical development alongside academic excellence. Outdoor and indoor activities are essential for experiential learning, promoting physical health, teamwork and practical skills. These activities enhance cognitive development, creativity, and social interaction, providing a well-rounded educational experience. It is vital for children to play and learn, as it helps them develop resilience, leadership qualities and emotional well-being, ensuring they grow into balanced and capable individuals.

Smart Classes: Our school remains at the forefront of modern education, integrating technology into every classroom, starting from kindergarten. Equipped with state-of-the-art smart classes, we ensure sustained interest and engagement in learning, moving away from rote methods. These interactive sessions provide teachers with instructional material precisely aligned with the curriculum guidelines, enhancing the educational experience for our students.

Dance Room: In our dance room, children are introduced to the fundamentals of dance and music in a lively and enjoyable atmosphere. They explore creative expression through fluid body movements and develop dance skills while building stamina through a variety of engaging activities.

Music Room: At our school, we introduce music at an early age, recognizing its pivotal role in child development. Beyond being a fun activity, music fosters creativity and enhances self-expression in our students. We provide age-appropriate musical instruments and structured music programs to help children develop their musical skills. Through these programs, students learn rhythm, melody, and harmony, which contribute to their cognitive and emotional growth. We ensure that each child can explore their musical talents, building confidence and fostering a lifelong appreciation for the arts.

Brain Matrix And Stem Education: The school believes every child has immense potential. Our Brain Matrix and STEM programmes are designed to foster cognitive development, creativity and critical thinking. The Brain Matrix programme enhances cognitive skills, memory, and concentration by developing problem-solving abilities, spatial awareness, visual processing, and logic. The STEM activities engage curious minds through hands-on experiments and scientific exploration, with objectives to develop critical thinking, encourage innovation, and build strong foundations in science, technology, engineering and math.

We prioritize providing our children with opportunities that nurture curiosity, exploration, and discovery. Our excellent curriculum framework supports their academic, social, physical, emotional and cultural development. Teaching and learning strategies are tailored to each task's objectives and the child's individual needs. We guide and encourage students within a caring and supportive environment, fostering independence and a love for learning.

The Pre-primary building features an inviting open area. Here, children immerse themselves in a world of learning and play, transitioning seamlessly between classrooms, the Dramatics/Storytelling Room, the Multimedia Theatre, the Art and Craft Room, the Montessori Laboratory, the Dance Room, the Music Room, the Brain Matrix/STEM Laboratory, Smart Classes, and the Play Area. This conducive atmosphere ensures that our youngest learners are engaged and stimulated in every aspect of their development.

Our school is a vibrant and joyful community, where we attend to the individual needs of each child. We diligently monitor every stage of their development, fostering first-hand learning experiences that encourage questioning, exploration, application, and testing of knowledge through comprehensive inquiry-based learning approaches. With keen observation and personalized guidance, we strive to nurture each child into a confident and curious learner, equipped with strong analytical and critical skills. Our aim for pre-primary students is to provide a solid foundation that inspires a lifelong passion for learning and prepares them for future academic success.

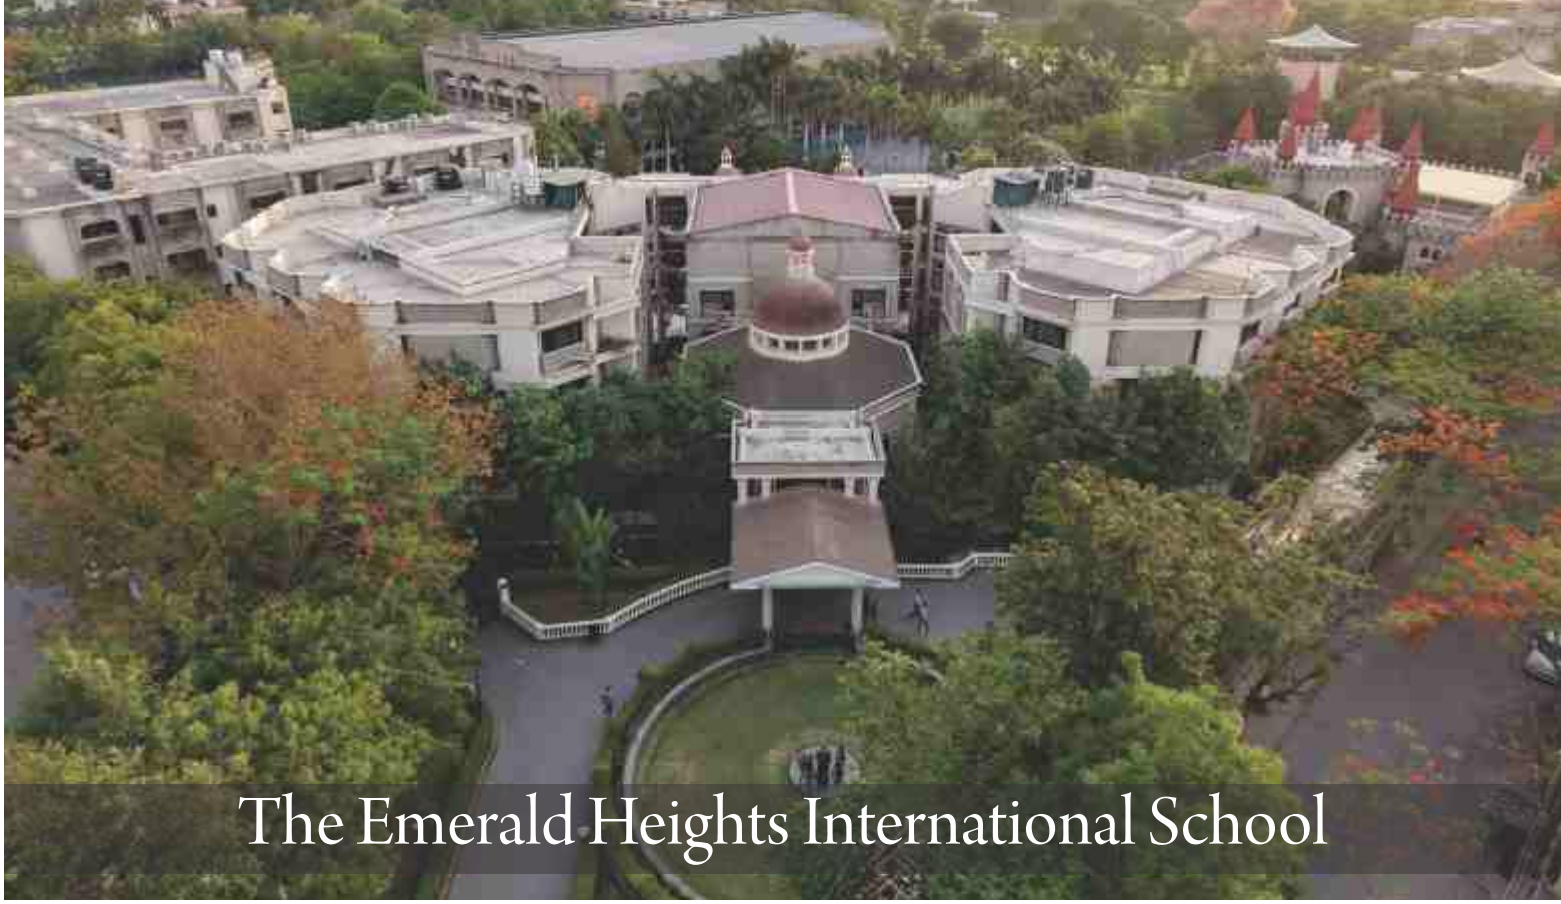

EMERALD HEIGHTS WORLD SC

The Emerald Heights International School

The Emerald Heights International School is India's top K-12 co-educational international day-cum-boarding school, situated on a sprawling 100-acre campus in Indore, Madhya Pradesh. Founded by late Smt. Suneeta Singh on 18 February 1982, the school is dedicated to the holistic development of its students, emphasizing community service, national integration, and a global outlook.

Inspired by the educational philosophy of Sri Aurobindo Ghosh and his spiritual successor, The Mother, Emerald Heights offers a uniquely holistic education experience. The school integrates contemporary academic curriculums with the latest ICT pedagogies and a wide range of co-curricular and sports education opportunities, reflecting universal humanistic spiritual values.

Affiliated with the CBSE, The Emerald Heights offers Science, Commerce, and Humanities streams. In line with NEP 2020 guidelines, the school provides nearly 17 subject combinations, including electives, to meet dynamic career needs and encourage interdisciplinary learning. Subjects and streams are allocated to students with the guidance of experienced counselors. The Emerald Heights students have received acceptances from prestigious higher education institutions, including Ivy League universities, often with substantial scholarships.

The school fosters internationalism and intercultural understanding through membership with organizations such as the Indian Public Schools' Conference (IPSC), Round Square, World Leading Schools Association (WLSA), Global Connections, AFS, International Award for Young People (IAYP), The College Board, International Association for College Admission Counseling (IACAC), Global Education Benchmark Group (GEBG) Boarding Schools' Association of India (BSAI) and G30 Schools.

Ranked #1 in the country and in Indore and Madhya Pradesh in the co-ed day-cum-boarding school category, and #1 in India for Infrastructure Provision by the EducationWorld India School Rankings, Emerald Heights offers exceptional resources and opportunities to its students and teachers, ensuring a fulfilling educational experience for all.
